

Press Release:

Notorious elements spreading malicious rumours regarding Talwandi Sabo Power Limited!

Mansa, 25 April: Talwandi Sabo Power Limited management has noticed that some notorious elements are spreading false and baseless rumours and instigating the communities, alleging that TSPL water discharge is polluting the canal water. TSPL management has refuted the charges and informed that it is a super critical power plant with state-of-the-art-technology comprising of standalone effluent treatment plant ,sewage treatment plant and zero discharge plant worth 55 crores ,with the sole objective of treating waste water for reusing recycling the same within the plant premises. TSPL is a Zero discharge plant and not a single drop of water goes outside the Plant. There is no possibility of any discharge outside the plant premises. Further Statutory authorities have been visiting and inspecting the plant from time to time to ensure compliances.

With technology in place and regular inspections being carried out there is no question of any water discharge by the power plant polluting the canal water, the allegation is entirely uncalled for and baseless. TSPL management has clarified that it has taken a strong note of false allegation and is contemplating legal actions against those found responsible for spreading the rumour.
